

CALL FOR ENTRIES

ART 2015 SCIENCE EXHIBITION

REACCH-PNA (Regional Approaches to Climate Change - Pacific Northwest Agriculture) invites submissions from artists and scientists for inclusion in an art and science exhibition representative of the broad range of concepts associated with communities and climate change. As part of the 2015 REACCH Annual Meeting, this exhibition will provide an inclusive platform for artists and scientists to meet, learn and discover together.

Climate change is a complex issue facing our communities today. How we address this and related issues will have a deep and lasting impact on society both now and in the future. Successful communication speaks to both hearts and minds. Addressing climate change must encompass both scientific inquiry and society's emotional responses. It is an issue in need of expression as well as analysis, art as well as science.

ENTRIES DUE BY FEBRUARY 15, 2015

To submit an entry, email 2-4 images of your work to ClimateArt@uidaho.edu, include your name, contact information and a brief description of your work including title, medium and dimensions. Please keep images under 800 x 800 resolution. Works will be juried by a panel of representatives from both the artistic and scientific fields. Selections will be notified by Friday, February 20, 2015. Selected works must be delivered to the REACCH Office in the University of Idaho's Agriculture Science Building, between February 23, 2015 and February 27, 2015. All print works must be mounted. All selected works will be displayed during the REACCH 2015 Annual Meeting Art & Science Exhibit, Tuesday, March 3, 2015. This event is open to the public and exhibition contributors are encouraged to attend and participate. Please contact Jocelyne Helbling at JHelbling@vandals.uidaho.edu with any questions or concerns.
