

# REACCH Graduate Student Updates

November 7, 2013

Volume 3, Issue 4

## Interdisciplinary Extension and Education Projects Reminder

Each student group will be given a specific time during the annual meeting to present/demonstrate their project to REACCH faculty, staff and stakeholders.

This is a great opportunity to gather feedback and refine/finish the products. The Education and Extension Objective teams encourage creative presentations which may include some combination of poster boards, white boards, and/or laptops. Please communicate with your group members in advance to work out the details. Let Jodi ([jmaynard@uidaho.edu](mailto:jmaynard@uidaho.edu)) or Kristy ([kborrelli@uidaho.edu](mailto:kborrelli@uidaho.edu)) know if you need any special materials, laptops, etc. in advance.

Please submit your ideas for graduate student activities and involvement at the REACCH 2014 annual meetings to the Annual Meeting Planning Committee Grad Student Representatives: Sarah Waldo ([sarah.waldo@email.wsu.edu](mailto:sarah.waldo@email.wsu.edu)) and Lauren Parker ([park2284@vandals.uidaho.edu](mailto:park2284@vandals.uidaho.edu)).

Note that the NIFA Project Director's meeting in January 2014 is focused on education. We would like to send at least one graduate student from each institution along with several REACCH faculty. If you are interested in attending, please let Dianne know ([diannedl@uidaho.edu](mailto:diannedl@uidaho.edu)). The meeting is Jan. 6-9 in Gainesville, FL.

## Reminder to document your work, Put any presentations or posters on CD.

The 2014 REACCH Extension Mini-grant RFP is available. The RFP can be accessed at:  
<https://www.reacchpna.org/mission/extension/>.

## \*New Learning Opportunity Spring 2014\*

John Abatzoglou is offering a 3-credit seminar course this spring (Geog 501). The course will focus on climate change impacts on agriculture and food security. The class will meet every Tuesday from 3:30-6:00. Non-UI students wishing to sit in on seminars should contact John directly  
([jabatzoglou@uidaho.edu](mailto:jabatzoglou@uidaho.edu))

## CONGRATULATIONS!!!

Ed Flanders won first place for his poster "The Research Data Repository: A Foundational Tool for Modern Science" at the EPSCor meeting in October. Again, congratulations Ed!!

## Publishing soon?

Please remember that every publication including REACCH data needs to include the following statement in the acknowledgements section: **Funded (or partially funded) through Award #2011-68002-30191 from USDA National institute for Food and Agriculture**

## Integration and water cooler time-slots are open

Time slots are open during the Thursday integration meetings and Wed. morning water cooler sessions. Students interested in presenting or leading a discussion should contact Dianne ([diannedl@uidaho.edu](mailto:diannedl@uidaho.edu))

## SAVE THE DATE!

### REACCH ANNUAL MEETING

You are cordially invited to attend the REACCH 2014 Annual Meeting, March 5-7, 2014 at the Red Lion Hanford House Hotel in Richland, WA.
